

Never Leave Me

Never leave me
No matter what I do
Never leave me
Especially when
I turn my back on you.

Never leave me
Because I need you so
Never leave me
However I may act
And wherever I may go.

Never leave me
When darkness shatters my soul
Never leave me
Restore my broken pieces
Like a puzzle whole.

I *know* you'll never leave me
Whatever may befall
Because you *say* you never will
Until my journey ends
And I hear the Saviour's call.
